FROM THE TRAIL HEAD

by Dennis Tipsword

Many of the equestrians like to go out for weekend get-togethers. Most take advantage of the state parks in Oakland and Lapeer County that offer equestrian camping. Over the years, WMTA has received many inquiries about overnight camping. Sadly, there are no facilities in Macomb County for equestrian camping. In fact, there are no camping facilities in the county except for group camping at Camp Rotary.

The WMTA is proposing a new campsite located next to Camp Rotary. The entrance to the camp area would be off of 29 Mile Rd. Encompassed by woods and separated by the river, this sight has the least impact to the surrounding neighbors. Rustic camping will offer direct access to the horse trails.

WMTA board feels that a rustic camping facility suitable for overnight stays would be a natural compliment to the park. The camping area could be used to support other events held at the mill and farm as well. We are asking our membership to review the plan. Your feedback is important, so the park can take this to the next step. Please direct your comments to Dennis Tipsword email tipsword09@comcast.net

See Map of proposed campground on next page.

The annual meeting and election will be held July 16th at 7 p.m. at the Activities Building at Camp Rotary. All members are encouraged to attend this meeting
